

**FIRE OFFICER I  
NFPA 1021, 2009 Edition**

**4.7 Health and Safety  
4.7.3 Health and Safety  
Standard Area: Health and Safety**

**JPR# FOI -15  
Revised 2/25/2010**

**Candidate:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**ID#:** \_\_\_\_\_

<b>STANDARD:</b> 4.7.3 NFPA 1021, 2009 Edition		<b>TASK:</b> Explain the benefits of being physically and medically capable of performing assigned duties and effectively functioning during peak physical demand activities, given current fire service trends and agency policies, so that the need to participate in wellness and fitness programs is explained to members.			
<b>PERFORMANCE OUTCOME:</b> Candidate will complete a case study on the national death and injuries documented in the fire service and how fire service safety and wellness initiatives can help prevent these issues. Show examples of how the organization is improving this issue and what improvements could be made to current programs in the organization. Then the candidate will present this case study to personnel in their organization.					
<b>CONDITIONS:</b> The Candidate will complete all elements of the assigned task. Include candidate's case study and documentation of presentation to the organization.					
<b>EQUIPMENT REQUIRED:</b> Access to national death and injuries information and or related documents. Paper, Pen/pencil, computer if applicable.
